

Clerk's report

Mattishall Parish Council

June 2023

1. The auto wind to the Church Clock has had some teething issues with some minor repairs needed. I have chased Michlymar for an update.
2. The Policies and Procedures Working Group have arranged a date to meet on Thursday 29th June to discuss the policies raised at May's Parish Council meeting.
3. Cllr Piper mentioned at the Memorial Hall AGM whether the table tennis at the Village Green would be of interest to them. At the Memorial Hall Committee, it was decided that further thought is required and to look at potential siting's as to where it would be best placed. The committee will reevaluate at their next meeting which will be held on 19th June.
4. For your information I will be working towards getting quotations for the following tasks over the next few months, Tree survey, signpost for the village map, plaque to the War Memorial and meter high fencing around the perimeter of the War Memorial.
5. The gas cylinders from the Beacon have been gifted to the Social Club as agreed.
6. The missing bolts and wing nuts to the Marquee are to be purchased. A suggested number of 90 was agreed. Bolt details are required to purchase.
7. Parish Council logo requires updating, the copy used is not the best of quality and becomes tricky when transferring to documents.
8. YMCA have provided an update on their services and explains the struggles they are having with staffing. Please see letter under Item 5.
